

Sponsoring a Habitat Home

A House Sponsorship is a project in which an organization raises the funds (cash and/or donations in kind) required to build a home and provides the volunteer workforce to build a Habitat house.

The most important reason to sponsor a home is to help alleviate the huge need for affordable housing this community.

The advantages to house sponsorship, it can bring many benefits to your organization, including positive publicity, team building, and new relationships. Volunteers may learn new skills or pass knowledge to others. Friendships begin and grow on the work site and in organizational meetings. For people of faith, the project gives opportunity to put faith into action.

Habitat must always focus on the families it serves. When you sponsor a Habitat house, you change one family's future. You can give a family the opportunity to break the cycle of poverty—permanently—by providing a simple, decent and affordable home. As you work side-by-side with the selected family, your organization will be united-perhaps as never before—by this life-giving partnership.

How do you get started; contact Nancy Roberts at the Otero County Habitat for Humanity office at 505-437-6562, oterohabitat@zianet.com, or stop by 1109 Tenth Street in Alamogordo. Don't wait; a family needs you!
