FAITH OF OUR FATHERS

“Train up a child in the way he should go and when he is old, he will not depart from it.”

Proverbs 22:6

Tribute to a Father

*A man whose life is like a light
Guiding others in truth and right.
One who sees to his family's need,
Teaching by example God's Word to heed.
A person who believes in working hard,
Holds honest labor in high regard.
And feels concern for his fellow man,
Ready, always, with a helping hand.*

*A man who holds to such old-fashioned traits
As honesty, and respect for these United States;
One who is willing to take a stand,
Uphold his convictions every way he can;
A believer whose faith in God is strong,
Who expresses it in deed and word and song.
How glad we are that this kind of man
Stands at the head of the Kennedy clan!*

(To Roscoe C. Kennedy, Father's Day, 1976)

How often we recall with pleasure our “growing up years” when we took for granted the love and security of home. Many of us grew up with a father much like the one in the poem. Fortunate is the child whose father demonstrates his faith by the integrity of his life, courage in face of trials, and perseverance during tough times. In today's secular culture we often find a faulty world view of religion, morality, and marriage – the very things that made our country great. To undermine the importance of family, moral values, and biblical truth is a blueprint for disaster in one's personal and family life and in the life of the nation.

Parents today face tremendous challenge in raising children “in training and instruction of the Lord” (Eph. 6:4NIV). This month we honor all fathers, especially those who guide their children in the ways of God. The faith of fathers in previous generations has stood the test of time as many of us today continue in the faith.

A mother showed her little girl a priceless heirloom vase, explaining it had been handed down through many generations, and would continue to be an heirloom for future generations. One day the little girl dropped the vase and broke it. Stricken with guilt, she went to her mother and said, “You know the heirloom vase that was handed down from past generations?” Yes,” replied the mother. “Well,” confessed the child, “This generation dropped it.” **Let it not be said that the present generation of parents “dropped the ball” when it comes to teaching faith and values to our children.**
