## President's Corner

Jim Sorenson

Summer is coming to a close and we are looking forward to another MVFF year. We have lined up speakers for the next several meetings:

- September—Chuck Mueller and George Sanders on the Club's trip to the North Platte;
- October—David Carmichael on his and Miriam's trip to the Pacific Northwest;
- November—Tom Lightfoot on this year's Club trip to Kodiak.

We have also lined up some volunteer opportunities:

- September 26<sup>th</sup>—A workday at the Lease to try to rechannel the flow below the lower bridge to get some deeper runs and structure for the fish and to clear some brush and limbs above the upper waterfall;
- October ?—Restock the Lease;
- October 28<sup>th</sup>—Project Healing Waters fly tying and casting clinics for Ft. Bliss soldiers at the NM DG&F classroom at 8:30am;
- November 4<sup>th</sup>—Project Healing Waters trip to the Lease with Ft. Bliss soldiers; and
- February 6<sup>th</sup>—the annual banquet.

Please put these dates on your calendar and come help us if you can. We have never had too many volunteers and there is always a payback which might be in the form of a great lunch, an improved fishing experience at the Lease or the gratitude of some soldiers or fellow Club members.

At the November General meeting, we will elect directors for 2016. If you are willing to serve or know

someone who is, let us know. We can always use some fresh ideas and perspective. If you have an idea for a Club trip or any other suggestion, let us know. You can always reach me at [president@mvff.org](mailto:president@mvff.org).

At the August meeting, the Board decided to forego the fall rod raffle. Our sense is that Club members are feeling a little raffle fatigue. We will still have the annual raffle in conjunction with the banquet. We are in the process of putting together a prize list which will be ready by the November general meeting.

Although summer is coming to an end, autumn is still a great time to fish. We are fortunate to be in a place where we can fish nearly year round. Take a look at the Club trip to the San Juan which Chuck Mueller has organized for November 11<sup>th</sup> to the 15<sup>th</sup>. Chuck does a great job of organizing these trips which are always a lot of fun and an opportunity for some camaraderie with other club members.

Tight Lines,  
Jim

Ron Bellerose  
PHW Coordinator

Project Healing Waters is going strong. We have had several fly tying events and casting events in the last couple of weeks. We have casting at the University pond on September 1<sup>st</sup>. I have a total of 6 going to the San Juan over the Labor Day week-end. We will be fly tying at Ft Bliss on September 11<sup>th</sup> with fishing on the Lease on the 12<sup>th</sup>. We will be working with the wounded warrior resilience program on September 30<sup>th</sup> and October 7<sup>th</sup>. That is the large group and we appreciate all the support from the MVFF that we have had in the past.

Project Healing headquarters would like all the program leads to have an alternate. This makes sense to keep the program going. Jim Sorenson has worked the Ft Bliss group but I would like a volunteer to work with the PHW as the alternate PHW lead.

I have an expandable net that one of the volunteers left at the Cloud Country pond last May. I am not sure whose net it is but if you volunteered to help at

the Cloudcroft VFW fishing event last May let me know. I have your net.

## MVFF Lady Anglers Set Fall Trip

Helen Zagona

Seven of the most indefatigable anglers in the MVFF will meet once again this fall for a "women only" fishing trip. A trek to the Conejos in Southern Colorado will take place September 27 to October 1. As always, we have

booked lovely cabins and are planning scrumptious meals. We will be using guides on the first day from Conejos River Anglers. Our group will then fish on our own for the second day, exploring the entire area, including the Los Pinos River. We are scheduled for guides again on the last day. The Conejos has many miles of wonderful trout water and varying conditions as the elevation changes. We are really looking forward to it!

The Lady Anglers are always looking for new members. We have a wide range of skill and experience levels and we offer support and assistance to each other. We are open to all female members of MVFF. We currently have one open spot for our Fall Trip! If you know of anyone interested in having a great time fishing and enjoying camaraderie, call Helen at 575 649-6150. We will give a post trip report to the Club guaranteed to instill envy in all members.

## Stream Improvement Project

Saturday, 26 September

Bob Silver

We need able bodied people to help on a stream improvement project planned for all day on September 26<sup>th</sup>. This will involve installing several hundred stakes into the bottom of the stream at the lower bridge and below the irrigation takeout. The process is called Induced Stream Meandering (Goggle the term) and

uses wooden stakes installed in a specific pattern in the stream bottom to change the flow that will gradually build up the stream bank in certain places along the stream. This will eventually build meanders into the stream and improve fish holding habitat. If you have fished below the lower bridge you may have noticed some cut stakes poking up from the stream bank. These are stakes that were installed about 10 years ago in a similar project. They significantly improved the stream bank within a short period of time. As you may have noticed the lower river below the lower bridge suffers from lack of holding water and it is time to extend these structures to make improvements.

This will be hard work. If we can get 20-30 people we can get quite a bit done. Please check the MVFF.org website for what to bring and updates. We will need sledge hammers, 5 to 6 foot long pry bars and a couple of chain saws. You can call me with questions at 575-642-5865. We will give out permits and add your ticket to the annual banquet attendance prize in exchange for your help. Many thanks in advance for your help.
