FaceBook: Archers of El Paso

We're changing a few things about our monthly 3D shoots to better serve the growth of our community and sport. Foremost, we will now be giving first place awards for the highest score in each class. For this to work we've organized classes for men, women, and our youth and we've changed our stakes so they are better suited for the appropriate class. Please take a look at the information below on stakes and classes. We will clarify class qualifications in the coming days. Have a great week everyone! BTW...This does not include our yearly ASA Bi-State Qualifier.

Stake Color & Classes for 3D Shoots

(For non-ASA Bi-State Qualifier shoots)

Outside of our yearly ASA Bi-State Qualifier, our 3D shoots will consist of 15 targets double staked. Each target lane will have 5 colored stakes and each shooter will shoot from the two designated colored stakes for his or her class. To accommodate various shooting levels/styles there will be 10 classes for men and women and 3 classes to cover those 17 years old and under. Please note this is subject to change due to class size, necessity for a new class, etc. However, if a change is necessary, you be informed in a timely manner.

Stakes

White – 15 yards max.
Orange – 20 yards max.
Yellow – 30 yards max.
Red – 40 yards max.
Green – 50 yards max.
