Membership Meeting

The MVFF general membership meeting will not meet in February due to the annual banquet. The next meeting will be in March at the regular time.

Executive Board Meeting

Monday, 15 February

The MVFF Executive Board will meet on Monday 15 February at 7:00pm in the New Mexico Game and Fish conference room. All members are welcome to attend.

Liars and Tyers

Wednesday, 24 February

Liars and Tyers will meet on Wednesday 24 February at the New Mexico Game and Fish conference room starting at 7:00pm. The fly to be tied is the *Renegade*. The tying session will be led by professional tyer, Tim Mack. Don't miss out. Extra vises and supplies will be available for beginning tyers.

President's Corner

Jim Sorenson

So, my term in office is up. David Carmichael will become the new club president at the banquet next month. David is a far more knowledgeable fly fisher than I and I look forward

to his newsletters and programs. Thanks to everyone for their support during the last two years. I especially want to thank Chuck Mueller for organizing the club trips, Tom Wobbe for keeping us organized and Jim Hulsey for keeping us informed. Without their years of hard work and dedication, the job of president would be impossible and the club would be a lot less active and interesting. So tell them thanks when you see them.

Tim Cammisa is our guest speaker at the annual banquet on February 20th. In addition, Tim will give a fly tying demonstration from 10:00am to noon at the NM Game and Fish Classroom. Tim is an extremely knowledgeable and entertaining fly fisher, fly tier and speaker. Check out his videos on YouTube. We plan to do another stream improvement project the second weekend in March. The vanes and baffles we put in last fall are holding up well and doing their job. I don't know yet how many volunteers we will need, but watch for an email from Tom Wobbe. The Kids' Fishing Clinic is set for April 2nd at Alumni Pond. This is the club's community outreach project and we can always use as many volunteers as we can get, so save the date.

I went to Taos for the annual Rio Grande Cutthroat Trout Recovery Team meeting on January 27th and 28th. The meeting involves a number of state and federal agencies and private groups in New Mexico and southern Colorado who share knowledge and coordinate activities in an effort to keep the RGCT off

of the threatened or endangered species list. There are similar groups and efforts underway for the Gila Cutthroat Trout, Blacknose Dace and Rio Grande Chub and Sucker. Of interest to people in our part of the State, it looks like the plan to stock RGCT in the Las Animas River and Bonito Creek won't get underway before 2018.

I came up on Monday night in a snow storm. The Taos area received seven to eight plus inches of snow. Through January 28, 2016, all of the major river basins in New Mexico and southern Colorado are at or above 100% of their median snowpack. Thank you El Niño! More snow in the forecast for the next month, so it should be a good fishing year.

From all reports, fishing at the lease is good. In mid-December, Mary and I (inspired by Bob Widgren's presentation) decided to try Czech nymphing at the lease. After consulting innumerable websites and videos, we got rigged appropriately and ventured forth. In about three hours, we each caught a half dozen or more fish. Mary caught two in the 16" range and I caught one about that size. Outfished again!

Thanks again for all of your support over the last couple of years. Don't forget to buy your raffle tickets and don't hesitate to get more involved. We need some new blood in the club's leadership.

Tight Lines,
Jim

Project Healing Waters is going strong at the local level. We still have to set up fly tying and fishing with the wounded warrior resilience program and the wounded warrior transition battalion. Several local vets with disabilities have been to the Alumni pond and casting and catching fish. They stock the pond every two weeks with trout and it's a great place to practice casting and catching trout.

I have seven Vets that are building fly rods this year. We will be starting on February 3rd at the NMG&F con-

ference room. We will be there at 8:30am. Anyone that would like to help with the fly rod building or just look on to maybe build one later on.

We will also have a raffle at the MVFF banquet on February 20th. We will have several items for raffle and several items that we will be looking for a donation for. All this money goes directly to supporting our area Vets. Thank you for all your considerations.

Annual Banquet & Raffle

Saturday, February 20, 2016

The annual MVFF banquet and raffle will be held Saturday, February 20, 2016. The banquet will start at 6:00pm at St Paul's Methodist Church, which is where we have had it for the last several years (see map on page 4). Spouses and children are invited.

The guest speaker for the banquet will be *Tim Cammisa*. See the following article for information on Tim.

The club will provide BBQ brisket, pulled pork, sausage, red and green enchiladas and drinks, with members asked to bring salads and desserts.

Several raffles will take place following the dinner and are among the richest (\$4,000) we have ever had. There are many top-of-the-line items. See the list of prizes in the following article. Raffle tickets will be E-mailed soon and will also be available at the January general & fly tying meetings. They will also be available at the banquet. You don't have to be present to win.

Mark your calendar as this is an event you do not want to miss!

Volunteers will be needed to set up the tables and chairs and prepare things in general. Volunteers should arrive about 4pm.

Tim Cammisa, Banquet Speaker

Saturday, February 20

Chuck Mueller

After viewing many of [Tim's videos on YouTube](#) and really enjoying both his tips and tricks on techniques

for Fly Tying, I contacted Tim and he agreed to be our guest speaker for the banquet. As of this month he has had over 1 million views of his videos on YouTube.

A quick bio: Tim lives in western Pennsylvania and has been tying flies for over 25 years. His fly fishing has taken him all over the country, with his "home base" being in the State College just outside of Pittsburgh. Tim started making fly tying tutorials on YouTube and his audience has grown to over 6,500 subscribers. You can view those videos on his website, [Trout & Feather](#).

Tim's topic for the banquet will be "Strategies for Success in Differing Water Types" with his talk consisting of the similarities and differences between strategies used for small stream, spring creeks and freestones, and tailwaters. There will be an emphasis on preparation, rod/line selection, gear, fly choices, reading of the water and reflection.

Tim will hold a fly tying clinic for us on Saturday morning from 9am to Noon. He will be tying several different patterns for us from nymphs, dries to some anchor flies on a jig hook and if time permits the Meat Whistle. You can come and watch or tie along with Tim. In any case, I think you will enjoy this clinic and Tim.

Fishing Report

Editor's Note:—Chase Tucker, one of our members from Lubbock, sent us this report which was received on 11 January.

Just wanted to give you an update with how last weekend went. It was a little slow, but picked up in the afternoon. The fish were being picky, and after throwing a handful of flies, we found that Hare's Ears and Pheasant Tails were the go-to patterns. Beautiful sunny day, with temperatures

getting up in the mid 40's. Water was clear, and the ground wasn't as muddy as the week before. I decided to use my Orvis Clearwater 2wt and personally caught about 9 rainbows, and probably 20 chubs (this was getting a little annoying - ha ha). However, I had a good fight on the 2wt with a nice chunky 18" rainbow (first fish of the day actually)! I will definitely be back soon!
